

**BOHLKE**

## REYNOLD MODESTE

*PILOT*

From a young age Reynold knew he wanted to be a pilot and would spend many hours at the Henry E Rohlson Airport. This led to him achieving his Private Pilot Certificate on the island of St Croix in 1978, during his last year of Senior High School. He then attended the prestigious Sierra Academy of Aeronautics in California as well as enjoying training in other facilities like Flight Safety International and CAE Simuflite.

Reynold's first aviation job was with Antilles Air Boats/VI Seaplane Shuttle as First Officer, graduating to Captain of the G73/G73T Mallards. Reynold then worked for Bohlke International Airways as the Director of Operations from 1992 to 1997 before spreading his wings further and working for American Eagle and Orion Air as Flight Engineer, flying a Boeing 727.

Reynold has over 12,000 hours flying in a variety of locations – across North and South America, the Caribbean, Canada and Mexico. In 2013 he came full circle, rejoining Bohlke International Airways as Line Captain. With a strong work ethic, his goal is always to ensure the customer's safety and satisfaction.
